

KAPTECH

SMOOTH BORE PTFE HOSE ASSEMBLIES

PTFE 1000

- **Excellent chemical resistance**
Inert to all but a few uncommon chemicals.
- **Low flow-resistance**
Smooth low-friction tube gives the ultimate in flow capacity.
- **Self-cleaning**
The smooth, non-stick nature of the tube prevents product adhering to the tube wall.
- **Lightweight**
Around 60% of the weight of a typical rubber hose.
- **Durable**
Tough outer braid protects against abrasion and damage.
- **Heat-resistant**
Usable up to 260°C, dependent on specification.
Excellent with steam.
- **Sizes**
1/4" up to 1" nb.
- **Wide range of end fittings**
BSP, NPT, flanges, hygienic type, etc.
